Food

—But No Appetite

is a worse fix than "appetite but no food." Can you eat a meal with relish, or can't you? If you can't, your stomach probably needs looking after, and this is the way to look after it: Take a tablespoonful of

Brown's Iron Bitters

in a little water, three times a day for a week and you'll be surprised how well you'll feel, and how hungry you'll be—and isn't this enough?

Brown's Iron Bitters is a medicine for all ages—children like it, and old persons nearly always need it.

It is pleasant to take and will not stain the teeth nor cause constipation. See the crossed red lines on the wrapper.

HERE TOO.

Frankfort Capital.

Yes, silver dollars are good enough for the money of the country, but they wouldn't be if it took a dollar's worth of work to get them, and they wouldn't buy but fifty cents worth of goods either at home or abroad.

WE'LL ALL BE FOR IT.

George W. Times.

The free coinage of silver at the ratio 16 to 1 would prove a bonanza for the owners of silver mines. One thousand silver dollars for \$500 worth of silver bullion would be something not to be sneezed at. If all of our owned or operated silver mines there could be perfect harmony in the party ranks.

Several men were talking about how they happened to meet.

"I married my wife," said one, after the other had all their say, "because she was different from any woman I had ever met."

"How was that?" chorused the others.

"She was the only woman I ever met who would have me."

FOR YOUNG MEN.

A Real Live Y. M. C. A. Is Now Proposed For Mayville.

A meeting of young men who are interested in the establishment of a Young Men's Christian Association in Mayville will be held in the First Presbyterian Church Sunday afternoon, May 19th, at 3 o'clock.

The meeting will be addressed by Mr. Henry E. Rosecrans, State Secretary, and his object will be to present to the young men of the city the advantages to be obtained in the organization of an all round Young Men's Christian Association—physical, mental, social and religious.

It is planned to have a well equipped gymnasium, a reading room supplied with the best current literature, and educational classes in practical branches, together with other privileges and attractions that are employed in such Associations.

Every young man who is interested in the establishment of such an Association is cordially invited to attend.

There will be no collection of any kind at this meeting.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

MAY ESCAPE.

An Important Consultation Between Naval Officers.

Possibility That Adm. Meade Will Not Be Court-Martialed.

Meade Makes No Response to the Letter Addressed to Him by Secretary Herbert Asking for an Explanation of His Evacuation of New York.

WASHINGTON, May 14.—Secretary Herbert, Adm. Ramsay and the Judge Advocate General of the navy were in consultation in Secretary Herbert's room Monday afternoon for over an hour. Secretary Herbert had previously been in conference with the president. The case of Adm. Meade was under discussion.

The admiral has not been seen at the department since his arrival in the city three days ago. He has remained at the Army and Navy club, where he has maintained a silence which for him is most unusual. His response to the letter addressed to him by the secretary of the navy asking for an explanation of his reported utterances in New York is not regarded by the officials at the department as sufficiently explicit to warrant them in dismissing his case.

Adm. Ramsay, at the close of the conference Monday afternoon, assured your correspondent that no definite action had been taken in the matter, so far as he knew, and that it was a question which must rest with the secretary with the secretary alone, and requiring, of course, the most careful consideration.

"There is reason to believe, however, that the question of court-martial was discussed Monday afternoon, and that the difficulties in the way of securing any satisfactory result from one was thoroughly considered."

"It appears that under his legal inquiries, Adm. Meade can, if he chooses, render any court-martial abortive. He can not, under the law, be compelled to tell the department whether or not he was responsible for the offensive utterances attributed to him, on the legal principle that categorical reply might incriminate him, and it is known that he was advised by a legal friend to decline to give the department any satisfaction on this point."

In that case the department could do nothing. The only way of discovering whether he was responsible for the interview would be by summoning the one who wrote the interview, and in time of peace a court-martial has no power to enforce attendance upon civilians. Even were this difficulty obviated there are others."

A DEMOCRAT REBUIES.
WASHINGTON, May 14.—Mr. Frank H. Thomas, chief clerk of the post office department, has tendered his resignation to Postmaster General Wilson, to take effect upon the appointment of his successor. Postmaster General Wilson has accepted his resignation, and will not say who it is until he is advised that the position will be accepted. Chief Clerk Thomas is, it is understood, resigning on account of private business interests which require his individual attention.

JACKSON MAY RETIRE.
WASHINGTON, May 14.—The statement is made on what seems the best authority that when Justice Jackson called on the president Monday he did not discuss the income tax or the decision that the supreme court has reached thereupon, but that, on the contrary, he talked simply of his desire to retire and the date on which it would occur. He expects to leave for Tennessee Tuesday.

INTERSTATE DRILL.

Battery B. of Cincinnati, Please the People of Memphis by the Accuracy of Its Marksmanship.

MEMPHIS, Tenn., May 14.—Monday morning the parade was over a mile long, and was led by Maj. Gen. R. B. Stueben and Col. Kellogg, the latter of the regular army.

Besides the militia companies the parade included two companies of infantry and two troops of cavalry of the United States army, with the band of the Third United States cavalry from Jefferson Barracks, and the Iowa State band. The procession was watched by the largest throng of people ever gathered in Memphis. It is estimated that the throng gathered along eight blocks reached over 100,000.

In the afternoon the first drills in competition for prizes occurred. The newly organized, of this city, were the first to appear upon the ground, and under command of Capt. Deury, defeated the 4,000 spectators with the perfect manner in which they executed the programme, going through the intricate movements with an accuracy that was in every way satisfactory. The Morton cadets, of Washington, D. C., next came upon the parade ground, and drilled in class C. Their work was pronounced by army officers to be excellent. This company is composed of very young men, of fine bearing and they have since their arrival here, become popular.

The last drill of the day was given by Battery B, first regiment, of Cincinnati, in the afternoon. Under the careful watching of the Judges, Lieuts. Steele, Tyson and Chandler, of the United States army, the artillerymen went through their novel manoeuvres with a dispatch and accuracy that very much pleased the onlookers.

After the three competitive drills were ended, dress parade followed under the command of Col. W. L. Kellogg, of the Fifth United States infantry, in which all troops in the encampment participated.

Monday night the Iowa state band, of the National, gave one of the evening concerts that will be a feature throughout the drill. Tuesday the governor's guard, of Memphis, will drill in Class B. The Thurston rifles, of Omaha, will appear in Class C, and the Gatling guard detachment of the Omaha guards will drill in their class. The weather was fine, and the attendance large.

Mr. Frothingham, of Kentucky, being the hold-over democrat.

Mr. Harlow was not a candidate and did not know that he was being considered until Saturday.

The president, Monday, appointed ex-solicitor General John G. Dooley, of Bedford City, Va., and A. O. Campbell, of Hamilton, O., son of ex-Gov. Campbell, commissioners to examine indemnity land grants in the claims of the Northern Pacific railroad in regard to their mineral and nonmineral character.

ASTRANGE WAR.

Race Tracks Against the Chicago Board of Trade.

The Former Will Attempt, by Law, to Close Up the latter.

The Horsemen Say That the President of the Board of Trade is the Head of the Greatest Gambling Institution in the Country.

CHICAGO, May 14.—If the Civic Federation makes good its threat and attempts to stop bookmaking at Harlem, the track owners will attempt to close the board of trade. Geo. Handin, principal owner of Harlem, President W. Martin and Secretary J. Murphy, went to Corbin's office to talk over the racing situation in Chicago. John Handin, John J. Handin, John J. Handin, the Ullman and Secretary Kuhl were with Corbin. Both associations had lawyers present. There was no disguising the fact that the situation was desperate and that something must be done at once if racing was to be continued this summer.

Both associations agreed to stand together in fighting the common foe, the Civic Federation. They feel particularly bitter toward the board of trade, which has caused all the trouble. The horsemen say that as president of the board of trade, he is at the head of the greatest gambling institution in the country. If the Civic Federation is desirous of reforming the town and stopping gambling, it should turn attention to the board. This will not do, of course. The track owners propose to take a hand in the fight. They are forced to do so. A raid on Harlem will be considered sufficient grounds. Should the raid be made state warrants will be issued. The board of trade, which has sworn out against the officers of the board and every broker operating, by the horsemen. They claim that the board is in options, puts and calls and futures is a direct violation of the anti-gambling law, which the Civic Federation has used so telling effect in the past. The race people say there is no law which allows the board to operate, and that which applies to bookmaking also hits the board of trade. It is simply a case of different forms of gambling. As the horsemen have been successful in the past, they stand ready to make the fight.

As the law now stands three convictions for gambling will send a person to Joliet for five years. Hankins has been convicted twice. His interest in the matter is vital, and he proposes to fight.

MISSOURI SENATOR

Killed by His Mistress as He Slept in Her Home.

ST. LOUIS, Mo., May 14.—State Senator Peter R. Morrissey was murdered while asleep in bed, about 3 o'clock Monday morning, by a woman who lived with him, 2715 Washington street. The woman sent a 35-caliber bullet crashing through Morrissey's brain, placing the muzzle of the pistol against the man's left eye before pulling the trigger. She also shot him in the mouth.

The deceased was thirty-two, single, and leaves a father and mother, a sister and brother. He was one of the best-known demagogues in St. Louis and was just entering on his fourth year in the state senate.

Sunday night Morrissey and some companions were at a party at the home of a woman who lived with her. She and late at night he went to the woman's home. He had lived together for years, and the woman is a jealous nature. It is supposed she killed him as the result of a quarrel. His death was instantaneous. Frank Lewis, half-crazed, and a woman who was strapped to a cot in a prisoner's cell at the city hospital.

The Seal Contract.

VICTORIA, B. C., May 14.—The British government has declined to renew the agreement with the United States respecting the sealing up of arms and implements of sealing vessels proceeding to Behring sea during the close season. This is in consequence of the nonpayment of the \$125,000 indemnity due to the British sealers and whalers by the American government after having been formally agreed to.

Deserting From the Navy.

NEW YORK, May 14.—Since the arrival of the U. S. cruiser New York at this port two weeks ago there has been much dissatisfaction among the blue jackets. Of those who have been stationed here for years, many have failed to return at the proper time, and they will probably be tried by court martial. It is said that more than fifty sailors have been placed in double irons since the cruiser reached port.

Road Record Broken.

SAN FRANCISCO, May 14.—Frank M. Byrne, Imperial Bicycle club, has broken the world's record for the mile. He made it in 12:13 1/2. He started from scratch in a five-mile handicap road race and finished fifth. J. E. Edwards, another scratch man, rode the distance in 12:13 3/4. The previous record was 12:15.

Indiana Operators.

INDIANAPOLIS, May 14.—The Indiana operators' executive committee will meet Tuesday to make another effort to settle the wage question at once temporarily. Some operators indicate a purpose to make terms with the men without regard to the state association, and it is so prevalent that the meeting will be a success.

Three Inches of Snow.

AT POCAHONTAS.

All Is Quiet and No Trouble Is in Sight—The Old Men May Be Reinstated.

ELKTON, W. Va., May 14.—The strike situation remains unchanged. Men are steadily leaving the field for other points. Lawlessness has been bringing the miners at Thacker out in the last day or two.

The miners seem as determined now as in the beginning to stay out to the last. The operators at Pocahontas are finding some difficulty in filling the places of the strikers. The number of Italians entering the mines has fallen from two hundred in the first report to twenty-three.

The company will now try to re-engage the Italian men. At this point will be relieved by another detachment from Richmond. O'Fallon thinks no mistake was made in sending the Italians into the field. The opinion is that trouble has been averted, but West Virginia has had neither troops nor trouble in the field. There has been less agitation on this side of the line than on the other.

BATTLE OF BORNEY.

Cuban Insurgents Kill and Capture a Platoon.

HAVANA, Cuba, May 14.—Private affairs received from the Cuban revolutionaries. They say that a battle was fought at Borney, province of Pinar del Rio, between Gomez, the Cuban leader, and Salcedo, the Spanish commander.

Gomez was victorious annihilating the Spanish troops, killing and capturing the latter. The capture of a large quantity of ammunition and army stores.

The battle lasted four hours, and was hard fought. Gomez continued his march through Comayagua. Men from the plantations are joining the revolutionaries. They are carrying the sugar plantations around Concelon del Sur, well armed with rifles, killed the revolutionists.

Black List Damage Suit.

TOLSON, G. May 14.—Wm. O'Shea has commenced suits for \$100,000 each against the Lake Shore, Ohio Central and Washington and Annapolis. The suits are based on his discharge and boycott during the A. R. U. strike two years ago and his subsequent blacklisting. He is now suing for damages on any road. He says his name is on the blacklist books of the road, and that he has seen it there. Should this be successful a hundred other suits will follow.

HEAVY SEAS.

Several Disasters on the North-western Lakes.

A Two-Masted Vessel Goes Down Off South Milwaukee.

Another One Goes to the Bottom Off Racine, Wis.—A Large Steamer Sighted, Apparently in Trouble—A Yacht Seen Ashore—Life Savers Afloat.

SOUTH MILWAUKEE, Wis., May 14.—A little past noon Monday a three-masted schooner passed near this port going south very slowly, and apparently having a hard struggle with the heavy sea. The only person known to have seen or noticed the vessel off this place were Anton Spantuch and wife, whose residence is high on the lake, and who told a representative of the press the following:

"We noticed a two-masted vessel about a mile off shore about 12 o'clock Monday. She was a schooner, and was through a large lumber-laden, and had one—the middle—mast broken in two, and was having a hard struggle with the waves, which were furious all day. We watched her closely, and she went on about two or three miles south of here, and then we saw a large vessel looking at her from the upstair wind. She made one plunge sideways, and immediately went over. We could distinguish plainly one man clinging to the rigging. We do not know the name of the boat, but it was a large one, and apparently carrying a large crew. No one came ashore, as we are."

RACINE, Wis., May 14.—At 1:50 o'clock Monday afternoon, during the gale, a farmer named Burgard came into the city on horseback from North Point, three miles north of here, and said he had seen at noon a two-masted schooner capsize three miles off in the lake. He could discern at least three men clinging to the cross-trees and rigging. There were two others. At 1:50 p. m. the tug Edward Gillen started down the lake with the crew of the station in the lifeboat, but was obliged to return soon after, as the sea was so high that it would have been suicidal to venture upon it. The crew no doubt perished.

SHEBOYGAN, Wis., May 14.—A fearful sea is running here. The steamer Rochester, Milwaukee line, bound for that port to Garden Bay in light trim, came to anchor off this port and rapidly drifted ashore. The life saving crew left the harbor at once, and off the vessel's crew. At 2:30 o'clock p. m. the life savers returned with the crew.

Over Thirty Years Without Sickness.

Mr. H. WETTERSTEN, a well-known, enterprising citizen of Byron, Ill., writes: "Before I paid much attention to regulating the bowels, I hardly knew a well day; but since I learned the evil results of constipation, and the efficacy of

AYER'S
Pills, I have not had one day of sickness for over thirty years—not one attack that did not readily yield to this remedy. My wife had been, previous to our marriage, an invalid for years. She had a prejudice against cathartics, but soon as she began to use Ayer's Pills her health was restored."

Did U?
Did you ever think that relatives or friends who have moved to distant places—gone West, perhaps, to grow up with the country—are always glad to hear from their "Old Kentucky Home"? And did it ever occur to you that a single copy of THE MAYSVILLE REPUBLICAN—its weekly edition of The Public Ledger—contains more home news than you could embrace in a hundred ordinary letters? And did it ever strike you that you can send the paper to your relatives and friends for a whole year at less cost than you can write a letter a week? Besides, don't you think a year's subscription to THE MAYSVILLE REPUBLICAN would be a present highly appreciated by those at a distance? Suppose you try it and hear what they have to say on the subject.
